## Works Request

**Toilet:** LEFT hand side when seated

**Date:**

**Location:** Main bathroom

Ensuite

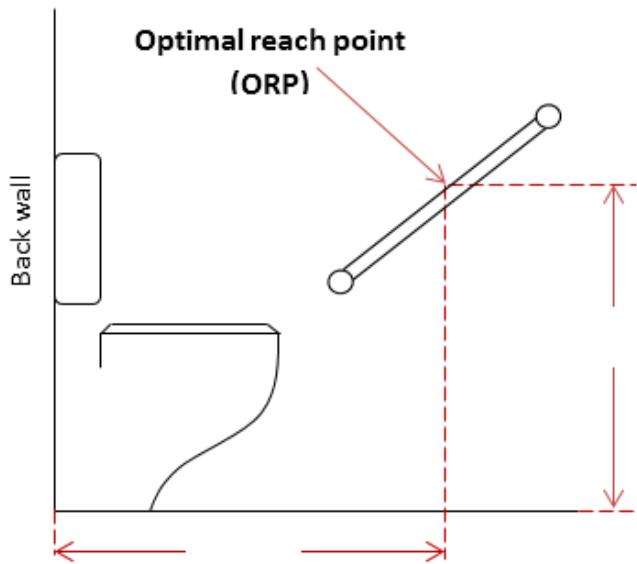

Other:

**Wall Type:** Stud

Solid

Uncertain

**Diagram:** All measurements in mm. Drawing not to scale. **Photograph:** Taken with client's permission

### Specifications:

Supply and install a grab rail (on an angle) to the wall on the left hand side of toilet when seated.

Grab rail length to be a minimum of mm. Rail may be lengthened to fit stud work.

Rail to be positioned on 35-40° angle.

**Ensure rail passes through client's optimal reach point.**

Optimal reach point: mm above finished floor surface and mm out from back wall.

Other specifications (Material, colour, diameter, client's weight if over 100kg):

Grab rails must be secured to studs. If technical difficulties arise or the client wishes to alter specifications please contact the OT prior to commencing work.
